The Elba Tiger football team has done it again! They are the Class 3A state champs. That isn't really news, because we wrote right here last week that they would win. We printed the fact to assure you we knew what we were talking about.

There is a lot a talk about the team effort, leadership etc. on this 1992 football team. We echo all those opinions and point out that it extends further than the football field. We use as examples Jamie Brockton's involvement with the state championship 4-H meat judging team two years running; The team participated in the Christmas parade Saturday evening; Several members of the team were on-stage participants in the successful Elba Miss Ebony pageant Saturday night; Bo Boyd is another example. Friday night he played on the championship football team; Saturday he showed a steer in a show in Montgomery and won Best of Class; Sunday night he had a key part in a performance by the youth group at the Elba United Methodist Church! That sounds like a bit too much, but these are examples of what Coach Wood had to work with this season.

Christmas time is here already. We hope our readers, along with their friends, family and neighbors, are in the right frame of mind to enjoy the festivities and give thanks for the opportunity.

things Roscoe has done for his fellow man. Being a neighbor and in the newspaper business we have known many of his kind deeds, but were also aware we would never know them all. In a truly Christian fashion, he didn't do these things for credit, he did them out of love for people ...all didn't do these things for credit, he did them out of love for people ...all people young and old. A friend dropped by our office Monday telling us something Roscoe Deal had done to help him ... something we had no idea had happened. That list could probably get very, very long if we counted all the people he had given food, visited, sent cards or loaned money.

I want to "sound off" about drivers who use tailgate. Tailgating is against the law and also dangerous. I'd like to ask all drivers who use Highway 84 East to Enterprise, money.

I want to "sound off" about drivers would have gotten to Enterprise about the same time and a lot safer. Stop tailgating! At this time of year this would be one of the best gifts.

No, things have not been smoothed out at city hall. We don't see any of the explosive problems solved, they are just not taking the spotlight right now. While we don't see anyone involved having a sudden attitude change, it is possible for us to get so busy with other things, these problems are kept in the background with no further embarrassment to the people of Elba. The trick is for all of us to be on the lookout for things to keep our officials busy and their minds off the unsolvable problems.

Daniel Stephens was appointed to the school board this week. We wish him well in this position. He is interested in school activities and our children. He often attends board meetings, just to hear what is going on ... to be informed. We like that.

ELBA TIGERS BRING STATE TITLE BACK HOME

When the Elba Tigers started their victory celebration with 19-seconds left on the clock Friday night, it marked what had to be the perfect ending membered when the '92 team is mentioned. to one of the greatest seasons ever in the rich history of Elba Tiger football. when the season started, but after opening wins over 5A Charles Hender-son, 2A power Georgiana and defending 3A state champ Luverne, the Ti-The Tigers had problems with the traps and reverses of the Lamar County gers were back in the standings and had Tiger fans thinking about the possibility of a second state championship. A big win over undefeated 4A power night. The defense was content to let Lamar County get short gains, because pounding Munford 40-8. The Warhawks had one of the state's most talented to be a second state of their five played four of their fi grasp. A disappointing one-point loss to defending 4A champ T.R. Miller took a little air of the Tigers' sails, but the Tigers quickly rebounded and easily whipped 5A Andalusia and 5A Hillcrest to close out the season at 8-

Elba didn't get excited about playing Rehobeth in its playoff opener, and it showed in a solid, yet lackluster 28-0 drubbing of the Rebels. The win yards in offense and three points, while being stopped twice with intercepwas costly; however, as quarterback Keith Grantham broke his right hand in the first quarter and leading rusher Greg Thigpen twisted his ankle. Grantham returned to the line-up with a cast on his hand in the Tigers' second series against St. Paul's, in the second round of the playoffs, but when Elba fell behind 10-0 in the first half, and with Grantham and Thigpen both hurting, hopes for even a third round game appeared dim. Elba simply buckled ts chinstraps a little tighter and fought until the end, when Grantham tossed a touchdown pass that gave the Tigers the win.

By the third round contest against Southern Choctaw everybody in 3A and giving it 110 percent on every play! knew of Elba's walking wounded, and opposing defenses licked their lips knowing the Tigers couldn't pass the football. Southern Choctaw had the ELBA FANS GOT IN ON THE FUN IN VERNON most talented team Elba had faced throughout the season, but once again the Tigers found a way to win and pulled out a 7-6-win in a heartstopping semifinals and was convinced that the Tigers' playoff trip would end; how-fighting a battle against the Lamar County fans and enjoying the battle. be back again for the '93 season.

While every other team from South Alabama would host the state finals in their prospective classes, Elba would have to travel for the fourth time in their four trips to the finals. Undefeated Lamar County was a prohibitive favorité and one sportswriter from a North Alabama newspaper picked the Bulldogs to bury the Tigers 35-0. The Lamar County players showed their confidence while parading in front of the Elba fans before the game, and in true Miami Hurricane fashion pointed fingers and mocked the fans. Once the game started it was obvious which team was the best, as Elba scored on its fourth play of the night and by the end of the half was on top 15-3. The Tigers made a few mistakes in the second half that kept the score closer than it really was; however, the defense refused to let Lamar County get on the scoreboard and at the end the Tigers had the '92 state championship.

The Tigers' trip to the state championship wasn't an easy one and wasn't one that many thought possible early in the season. The only ones that thought the Tigers would win the title were the players, and it was their dedication and pride that made it all possible. The seniors on this state championship team may have provided more leadership than any Elba team in memory, and while many, many players played a big role in the champi onship, this one was for the seniors and they deserved it as much as an group of athletes I've ever been around. In years to come, when the word champion is mentioned, I'll refer back to the 1992 Elba Tigers and that will be enough said, because this team is truly a "Team of Champions!
